Accubuilt announces FastServ Medical as authorized dealer

Accubuilt is pleased to announce that FastServ Medical has been appointed as an authorized sales and service center for Louisiana and Mississippi representing the Accubuilt line of commercial mobility vans.

FastServ Medical, located in West Monroe, Louisiana, has been in the mobility industry for nearly 12 years. They have established an excellent reputation for identifying and meeting the specific needs of their clientele and retain an incredible customer following due to outstanding service after each sale. Owners Bob and Chris Mayfield are excited about expanding their product offering. "The addition of Accubuilt mobility vans definitely puts a very nice feather in our cap. They really are the best built vans in the industry and that quality philosophy fits in well with our overall operation," Bob commented. Chris is also enthusiastic. "Accubuilt is a pleasure to do business with: they not only offer a quality product, but their support staff really gives us the confidence we need to serve our customers," she noted.

Mike Tweden, Accubuilt VP of Sales, is delighted to have such a fine dealership join the Accubuilt distribution family. "Bob and Chris have built a very nice customer-oriented dealership and that is important to our long-term growth strategy," Mike explained. "We have realized significant growth in a relatively short amount of time and that should be attributed to not only the quality of products that we produce, but the quality of our sales team and dealers across the country," he added.

Accubuilt has over 130 years experience in the custom vehicle industry and has become the leading manufacturer of specialty vehicles. The van and truck division is located in Elkhart, Indiana. Accubuilt also operates facilities in Lima, Ohio and Springfield, Missouri for manufacturing funeral coaches and limousines, VIP limousines, stretched SUVs and executive vans. All three operations provide vast resources for engineering, technical support, OEM relationships, quality parts supply and overall product support. As part of the Accubuilt family, FastServ will have access to all of this to help serve you better. Now, FastServ Gets You Where You Want to Go ... Better!

The entire Accubuilt family welcomes FastServ Medical and encourages you to call them for all your mobility transportation needs. They are located at 112 Summer Lane, West Monroe, LA 71291 and you may reach them at: 1-800-256-2601 or visit www.FastServMonroe.com.
